### Description

#### Features

- ? Info channel with DVB-T set-top box
- ? CVBS, RGB, S-video and YPbPr inputs
- ? DVB-T outputs

#### Technical specification

##### Video encoder

- ? MPEG-2, compliant to ISO/IEC13818-2
- ? Max bit rate 14 Mbps

##### Audio encoder

- ? MPEG audio layer 1/2
- ? Compliant to ISO/IEC11172-3
- ? Max bit rate 256 kbps

##### COFDM output

- ? FFT 2k mode
- ? Guard interval 1/32
- ? FEC 1/2, 2/3, 3/4, 5/6, 7/8
- ? Output level 105 dBuV max.
- ? Output frequency range 114.....858 MHz

**General**

? Operating voltage 16 VDC

? Power consumption 16VDC/0,6A (AV-210T), 1,2A (AV-220T)

? Dimensions 19", 1RU
